

"GIVING GREAT PRESENTATIONS"

WORST FEAR: *A presentation that puts everyone to sleep — and so many workplace presentations still manage it.*

Most presentations are optimized for one thing: *sleep.*

Hurley Write has spent over 35 years helping professionals plan, prepare, and deliver presentations that motivate instead of bore. **"Giving Great Presentations"** teaches your team to speak with confidence and deliver a message worth staying awake for.

Your Team Will Learn How To

● Make the point stick

Build each talk around the one idea that matters most.

● Keep the room

Open strong, build momentum, and close with a clear ask.

● Design slides that land at a glance

Slides people understand in seconds, not minutes.

● Present with confidence

Deliver with the presence that makes people act.

What Makes Hurley Write Workshops Unique?

Our workshops are completely customized to meet your team's needs. And, unlike a lot of other off-the-shelf courses, ours are based on neuroscience: how to use voice and body language to engage with the audience, how to create a presentation that emphasizes the right points at the right time, and how to create visuals that get the point across with little friction.

Put Hurley Write's experience to work for your team. No more boring presentations. No more talking to slides rather than to the audience. No more audiences reaching for their phones.

☒ Onsite Workshops ☒ Virtual Workshops ☐ Online Courses
